

MOTORCYCLE CHAIN

Chain for champions

Racing is the ultimate test for man and machine; there is no room for compromise. That is why the biggest names in motorcycle racing, in the fastest classes on and off the road rely on the engineering experience and excellence of Tsubaki chain. Applying knowledge gained from racing, Tsubaki has developed advanced engineering and production methods to assure superior chain performance and value.

Tsubaki QR series high-performance roller chain

- An economical, high quality, solid roller chain
- Critical components are heat-treated and shot-peened for greater durability
- Heavy duty press fit pins with quad-stake riveting for added strength
- Each Chain is pre-stretched at the factory to reduce initial elongation

Tsubaki HSL series

This chain has specially formulated oil impregnated into the bushings to lubricate the chain. As the chain articulates, the oil is released to minimize friction, elongation and wear.
